

Awarded for meritorious service to the cause of Professional Unity

Brian Williams

Brian was fighting for Professional Unity even before we formed Professional Unity 2000 in 1996. He stood against Nigel de Gruchy and got over 1/3 of the votes on an open professional unity ticket. We admire and respect his bravery in speaking out no matter the hostility of his audience, his intellectual prowess, integrity and his continued work promoting our cause of professional unity.

Brian has from the very start, assisted by his Welsh colleagues, helped UNIFY greatly. He has regularly contributed to our publications and spoken eloquently at many union conferences. Brian is the honorary NASUWT President of UNIFY and has been since Professional Unity 2000 began. He is a true comrade and friend. A lifetime of magnificent work and achievement which we recognise with our highest award.
